How the fundraiser works: Your child's artwork is immortalized on a variety of products such as mugs, water bottles, shirts, bags, aprons and more. Everyone will receive a free magnet, to keep, with their order form. We offer a Wall tile program, where you can purchase a wall tile of your child's art, that get's donated back to the Sweetsir school and displayed along the hallways.....leaving a little bit of them behind. The PTO also, has all 6th grade students decorate a tile with their year and self portraits. We purchase the tiles and use it to decorate the hallways and commemorate their time here in Merrimac.
